PROFILE

The 2021 harvest was produced from a selection of Aragonez and Trincadeira Grapes grown in different vineyards of Alentejo. Aragonez and Trincadeira are produced in Arronches (Portalegre), Orada (Borba) Redondo and Arraiolos where the soils are predominantly clay-schist. Monte das Ânforas was produced at the new and modern winery, Quinta do Carmo, in Estremoz. The varieties are vinified separately in stainless steel tanks at controlled temperatures, to preserve the fruit aromas. Finally, a batch fermentation is done so that the wine maintains its modern, young and fresh character.

TASTING NOTES

Deep color and a rich bouquet with notes of red fruits. Full bodied and smooth with a good sense of freshness and notes where the flavors of red fruits are combined with spicy ones.

HISTORY

The wine Monte das Ânforas gets its name after the estate Herdade das Ânforas, in Arraiolos, which has a remarkable collection of amphorae. Traditionally, the Alentejo region resorted to ceramic amphorae for wine storage. This was a general occurrence throughout the Mediterranean basin, a solution for the limited availability of good wood barrels.
